LANE SEVEN

2023

HOW DID WE DO IT?

When we got here, the only fleece available to screen printers was 2-end knitting...and it wasn't good enough. So, we started manufacturing fleece with a finer 3-end knit, which makes the garment surface easier to print.

The 3-end process can be more expensive partly due to the addition of a third yarn **but it's so worth it.**

HI, WE'RE LANE SEVEN.

We do blanks better.

A BETTER SWEATSHIRT.

It starts with better materials, it continues with better design. We thought the fleece available to screenprinters was pretty average. There were many options, but they were all the same, same fabrics, same knitting, same printability.

So we decided to make them better, way better.

EARTH'S CLIMATE IS CHANGING ... WE ARE TOO.

We're committed to designing more sustainable products, with more environmentally-friendly fibers and processes.

In 2021, we've recycled **18 MILLION** plastic bottles in the knitting of our fleece.

80% of our fleece is produced in our plants powered by renewable energy.

For the Future,

Lare Gever

BY INTRODUCING
WATER-SAVING TECHNIQUES
IN THE DYEING PROCESS
DURING THE PRODUCTION
OF LANE SEVEN FLEECE,
WE HAVE BEEN ABLE TO
ACHIEVE A SAVINGS OF
AULION LITERS
IN THE PAST YEAR.

Lane Seven is committed to improving cotton farming practices globally with the Better Cotton Initiative (BCI).

CUSTOM MANUFACTURING From development to delivery.

DESIGN

Our goal is to help bring your concept from design to final product. We offer many customizations to help you do that, including:

- Sourcing Fabrications
- Printing & Embroidery
- Custom Colors
- Trims
- Labelling & Packaging

LEAD TIMES

Our lead times are competitive and our team will work with you to meet your delivery needs. Our factories are vertically integrated, and you will have full visibility on production stages. Lead times can also depend on the product design and quantity.

We are here to bring your vision to life and maintain great efficiency to make sure you receive your products in a timely manner.

MINIMUMS

Minimums are based on custom style and fabrication offered.

You have the flexibility to order as many quantities as you like. For more details Speak to Lane Seven Rep for more details.

We have strong relationships with our factories, and as a result, we have an edge on quality, consistency, and can offer you the best prices in

SOCIAL RESPONSIBILITY

Better Blanks In a Better Way

We have stricter than industry standard quality checks in place, all of our manufacturing is done in vertically integrated, ethically responsible and socially compliant factories, so you can rest easy knowing you are delivering only the best to your customer.

Lane Seven Apparel is committed to maintaining and upholding responsible workplace and environmental standards. We only work with partners who have our shared values of a humane and safe workplace and all of our factories are WRAP certified. WRAP certifications are awarded based on both internationally and nationally accepted humane workplace standards, local laws, and ethical manufacturing regulations.

What is WRAP?

WRAP (Worldwide Responsible Accredited Production) is a globally recognized, independent 3rd party certifying body whose mission is to promote ethical, humane and lawful conditions and practices in all manufacturing facilities. Companies accepted into the WRAP organization go through an extensive application process in which manufacturing facilities, working environments, and worker's rights are inspected and approved by the WRAP association.

What Principles Does the WRAP Certification Include?

- Human resources management
- Health and safety standards
- Environmental and eco-friendly practices
- Legal compliance including import/export, customs compliance and security standards
