EMB EMBROIDERY

HT HEAT TRANSFER

LZR LASER ETCHING

BHT BORDERLESS HEAT TRANSFER

We first launched our Worry-Free Embroidery® Service in 2008 and this classic decorating method continues to be the most popular decoration choice.

Pre-printed art is pressed onto the garment. This process has been refined over the years and is a great option for performance apparel.

Using lasers, the top layer of a garment is burned slightly, creating a precise, tonal design. Great option for varying logo sizes and locations.

All the benefits and features of the standard heat transfer, digitally printed in full color, but with a clean, borderless edge.
