EMB EMBROIDERY

We first launched our Worry-Free Embroidery® Service in 2008 and this classic decorating method continues to be the most popular decoration choice.

HT HEAT TRANSFER

Pre-printed art is pressed onto the garment. This process has been improved and refined over the years and is a great decoration option for performance apparel.

LZR LASER ETCHING

Using laser technology, the top layer of a garment is burned slightly, creating a precise, tonal design. A versatile option for varying logo sizes and locations.

BHT BORDERLESS HEAT TRANSFER

Tri-Mountain's Borderless Heat Transfers provide all the benefits and features of the standard heat transfer, digitally printed in full color, but with a clean, borderless edge.
